& Molecular Genetics
California College of Medicine
University of California, Irvine
Irvine, CA 92717

Re: Grant No. 1782

Dear Dr. Stanbridge:

In response to your letter of December 20, 1984 requesting our support for the 1985 Gordon Conference on Cancer for which you are Chairman, I am pleased to inform you that the Council has authorized a donation of $2,500. However, we do request that our contribution not be used to support participants from the industrial sector.

We wish you success in your endeavor.

Sincerely,

David Stone
